

THE ARCHDIOCESE OF CINCINNATI

Families of Parishes (Draft)

Please provide your feedback on page 9 or by visiting BeaconsAOC.org.

How was the draft of the Families of Parishes created?

The draft was created based on a comprehensive analysis of data and review by teams comprised of priests, Pastoral Center and Catholic Schools Office staff, and Archbishop Schnurr. Data was collected from the parishes and schools of the archdiocese, spanning the past 5 to 10 years on average but excluding the COVID-19 year of 2020. This data was augmented with demographic data provided by a consulting firm hired to assist with this initiative, and balanced against the pastoral considerations that affect life in our various communities. The data set includes:

- Number of weekend Masses, including non-English Masses
- Church seating capacity and Mass attendance records
- Parish sacramental, faith formation and funeral records
- Catholic households, both registered and unregistered
- Catholic school enrollment, student counts by grade and demographics
- Parish and school finances
- Projected number of priests available for assignment over the next 10 years
- Chaplaincies such as hospital, prison, etc.
- U.S. Census data and demographic trends including percent Catholic, age and ethnicity

NW-8 (3 priests)
